### **Subject: COVID-19 Preventive measures – Limassol Port Operation**

#### **1. Commuting to/from Limassol District (12 Nov to 30 Nov 2020)**

As per announcement by Ministry of Health issued on Wednesday 11 November 2020 on upgraded restrictive measures under state's COVID-19 Control Plan, starting of today, Thursday 12<sup>th</sup> of November 2020, at 20hr00 and up to 30<sup>th</sup> of November 2020:

a. The movement of persons is **prohibited** from 20h00 at night until 05h00 in the following morning/day, with the exception of movement for medical reasons (to/from pharmacy, hospital) or for work reasons, by presenting the relevant certificate or documentary evidence.

b. The movement of persons from and to the Districts of Lemesos and Pafos, and also between the two Districts, is **prohibited**, except for the movement of those working in essential services, movement for a medical incident (by presenting a medical certificate), movement for the transportation of persons to and from the Airports of Larnaka and Pafos, as well as the Limassol Port.

Limassol Port activities are considered essential and therefore employees of companies/entities active in DP World Limassol Terminal can commute during the aforementioned time period by demonstrating certificate issued accordingly by their respective employer.

#### **2. Guidelines on actions to be taken following confirmed COVID-19 infection at working area**

As per legislation issued by Ministry of Health in case that confirmed COVID-19 infection case(s) emerge at any working area, the activities at the specific area/space must be immediately suspended and area disinfection process must take place prior relaunching of activities.

All staff members working at the specific area must be removed until the completion of the disinfection process. Specific materials must be used for the disinfection by certified disinfection services providers as per corresponding guidelines. Following disinfection area must not be accessible for at least 3 hours and following that the space must be ventilated for approximately 30 minutes prior staff entry. Staff members who had direct contact with infected person(s), as these will be defined via the tracing process to be applied by Authorities, must not attend at working area and will be set in quarantine.

### **3. DP World Limassol requirements**

In this context, DP World Limassol requires all entities to:

- 1)** Distribute immediately present guidelines to:
  - a. their staff members;
  - b. their staff of contractors currently deployed or to be deployed in DP World Limassol on behalf of each entity/service;
  - c. their staff of vendors entering the terminal;
  - d. their visitors (prior entry the terminal);
  - e. their Cargo/Cruise lines and;
  - f. their Military/Defence attachés of Embassies representing Navy vessels to be calling at Limassol Port.

Agents and Shipping Agents are required to forward present restrictions/guidelines to every entity that may provide any kind of services on board any type of vessels operating or calling DP World Limassol terminal (i.e. vendors, surveyors, maintenance services providers, etc.)

- 2)** Any person who **MUST REMAIN UNDER SELF-QUARANTINE** or **SELF-ISOLATION**, as per Ministry of Health **orders**, **WILL NOT ALLOWED TO ENTER DP WORLD LIMASSOL TERMINAL**. In any case that this will be attempted the intervention of Ports & Marine Police will be immediately requested;
- 3)** In any case that any person demonstrates suspicious symptoms while at terminal, the DP World Limassol Emergency Response number **+357 25 858 799** must be called;
- 4)** Abide to basic hygiene rules and avoid as much as possible close contact;
- 5)** **All persons entering DP World Limassol terminal will go through forehead temperature measurement by Security staff. Anyone who will deny going through the specific process will not be allowed to enter terminal;**
- 6)** **Use of masks both indoors and outdoors is mandatory as per Ministry of Health Decree.**

- 7) As for aforementioned process to be applied at working areas in case of confirmed COVID-19 infection, it must be noted that the tracing process by authorities may last much longer than the timeframe of working area isolation/disinfection/ventilation, and therefore it is advised by DP World Limassol that the management of entity operating at specific space(s) must conduct a preliminary tracing process in order to minimize the probability of any potentially infected co-worker(s) attending at working space prior completion of tracing process to be applied by Authorities.

DP World Limassol remain at your disposal for any clarification needed and will be updating present guidelines as per instructions provided by the competent authorities.

Best regards
