Whatever you're moving, add value with a port-centric supply chain

DISTRIBUTION DONE DIFFERENTLY

- Port centric logistics offers the greenest and leanest inbound supply chain.
- Cutting inbound transportation miles, reducing CO2 emissions and distribution costs.
- Minimising or eliminating delays at the critical point of inland receipt.
- The ability to respond to fluctuating customer demand.
- With fast-track services guaranteed to be load ready in 24 hours.
- Storage and pre-staging to manage peaks and troughs with inbound flows.
- To find a better location, you'll have a long way to go. 28 miles from London, serving the largest consumer market in Europe.
- Located within the Thames Freeport economic zone, offering simplified customs procedures, tax and financial incentives.

PORT CENTRIC LOGISTICS GIVES YOU GREATER CONTROL AND VISIBILITY OVER YOUR GOODS AS THEY ARRIVE INTO THE UK.

PORT CENTRIC LOGISTICS

An attractive, more sustainable, and efficient alternative to traditional inland depots and central distribution centres

INBOUND VISIBILITY

Industry leading digital tools giving visibility including:

- CARGOES Flow to track and trace from origin.
- Where's my container? API feeds on container status.
- Providing informed decision making.

LEANER AND GREENER

- Port and warehouse in one location.
- Cut extra freight miles to inland DCs.
- Eliminate or minimise CO2 emissions.
- All electric or hybrid HVO equipment.

PRODUCT TO MARKET QUICKER

- Port discharge to warehouse-ready in 35 minutes.
- UK distribution network fed faster.
- Container asset restituted sooner.

FINANCIAL BENEFITS AND INCENTIVES

- Special economic Freeport zone.
- Simplified customers procedures.
- Financial incentives to encourage trade.
- Warehouse ready re-loads with tax and duty deferment until point of sale.

DP World London Gateway are proud to be part of Thames Freeport - an economic zone that brings new investment, jobs and economic opportunities to our region, while providing substantial tax savings for our occupiers.

The Thames Freeport is at the heart of Europe's largest consumer market and is served by first-class road, rail and maritime connections.

Freeports are special areas within the UK's borders where different economic regulations apply. By delivering investment, Freeports will create thousands of high-quality jobs in some of the UK's most disadvantaged communities.

DP WORLD

WE WANT TO CONNECT YOU WITH THE THINGS YOU LOVE AND NEED IN WAYS THAT ARE FASTER, SMARTER, AND MORE SUSTAINABLE THAN EVER.
