INTRODUCTION

DP World- Change What's Possible

We are a leading provider of smart logistics solutions, enabling the flow of trade across the globe. Our comprehensive range of products and services touches every aspect of life.

We're a global network of; 300 business units in 75 countries across six continents. From marine services and inland terminals to industrial parks as well as technology driven customer solutions.

Wherever we operate, we integrate sustainability and responsible corporate citizenship, striving for a positive contribution to the economies and communities where we live and work.

We do this by building and growing long lasting relationships – with governments, shippers, traders, and other stakeholders along the global supply chain. We think ahead, anticipate change and deploy industry-leading technology to create the smartest, most efficient and innovative trade solutions, while ensuring a positive and sustainable impact on economies, societies and our planet.

SUSTAINABILITY & IMPACT

We focus on making a positive economic and societal impact wherever we work.

Our World, Our Future is our global program to bring sustainability into every aspect of our work. It helps us to work in a responsible way that prioritizes sustainability and impact on the people, communities and environment in which we operate.

OUR WORLD
OUR FUTURE

OUR WORLD

The 'Our World, Our Future' strategy is designed to deliver responsible operations

'Our World', focuses on the efforts we are making today to operate as a responsible business across seven priority areas: safety, climate change, security, community engagement, people development, ethics and well-being. It is delivered through ambitious commitments, to be achieved by 2030.

OUR FUTURE

Protecting our people and planet today for a better tomorrow.

'Our Future' looks beyond our business to address the lasting legacy we can create for our industry and society. Our vision for a better, more equitable world focuses on bringing positive change across the three legacy areas of Education, Women's Empowerment and Oceans.
