 - (g) five thousand US Dollars (\$5,000) in the case of any twenty foot (20') Container which is not a regular dry, reefer or tank; and

- (h) eight thousand four hundred US Dollars (\$8,400) in the case of any Container of more than twenty foot (20') in length which is not a regular dry, reefer or tank.

The depreciated value of the Container shall be calculated on the basis of the respective value above with a straight-line depreciation of five point five per cent (5.5%) per annum from the date of manufacturing as per the Container's container safety certificate until the day before the incident.

- 8.6.3 in the case of any other Equipment owned or operated by the Customer not previously referred to in this clause, the lesser of (i) the depreciated value and (ii) the reasonable cost of repairs of the Equipment, provided that in no circumstance shall Operator's liability exceed twenty-five thousand USD (\$25,000) per item;
- 8.6.4 in the case of physical loss or damage to Cargo (i) where the Customer is acting as a carrier the Customer's liability to its customer under the Contract of Carriage or (ii) in all other cases the lesser of (A) the reasonable repair cost or replacement cost (with an item of the same age and in the same condition) of the Cargo; and (B) 2SDRs per kilo of gross weight of the Cargo lost or damaged, in each case provided that Operator's liability shall not exceed:
 - (a) in the case of containerised Cargo: seventy-five thousand USD (\$75,000) per Container; and
 - (b) in the case of non-containerised Cargo, including Cargo carried on Equipment (other than a Container): fifty thousand USD (\$50,000) arising out of any single incident;
- 8.6.5 in the case of all other claims, a sum equal to the charges paid to Operator for the Services in respect of which the claim arose.
- 8.7 Save as set out in clause 8, Operator shall not have any liability for any loss of or damage arising out of or in connection with these Conditions, performance or any failure to perform the Services howsoever arising (whether caused by negligence or otherwise).
- 8.8 If the Customer requires the limits of liability in clause 8.6 to be increased, the Customer shall request such increase in writing from Operator. No such increase shall be binding upon Operator unless agreed by an authorised officer of Operator. Operator shall consider any such request in its absolute discretion and may agree to such a request subject to any terms which it considers appropriate including, but not limited to, an increase in the charges raised by Operator in relation to the relevant Services.

9. GENERAL LIABILITY PROVISIONS AND INDEMNITY

- 9.1 Exclusion of certain losses; Under no circumstances shall Operator be liable for any loss of profit, loss of market share, loss of goodwill, loss of future or anticipated sales, loss of production or factory "down time", damages, costs or expenses incurred or payable by the Customer to any third party (in each case whether direct or indirect) or any indirect or consequential loss.
- 9.2 Applicability of limits and exclusions; provided the limits stated in article 1328 of Peruvian Civil Code, the limits and exclusions of liability in clauses 8 and 9 shall apply to any claim made against Operator whether such claim be made in contract, tort (including negligence), bailment breach of express or implied warranty or otherwise or otherwise.
- 9.3 De minimis; The Customer shall not make any claim against Operator where the value of the loss suffered by the Customer arising from the incident or event giving rise to the claim does not exceed one thousand USD (\$1000).

- 9.4 Time limits, notice period; No claim may be pursued by either Operator or the Customer (**Claimant** for the purpose of this clause) against the other (**Recipient** for purposes of this clause) and the Recipient will be discharged of all liability whatsoever and howsoever, unless:
- 9.4.1 in the case of an event which customarily requires a survey of damage, the Claimant must notify the Recipient as soon as reasonably practicable the Claimant becomes aware of the event. Failure to do so may release Recipient from liability with regards to any claim.
 - 9.4.2 the Recipient has been advised in writing of the event or events giving rise to the claim within sixty (60) days of their occurrence; and
 - 9.4.3 proceedings are commenced in accordance with clause 11.6 and written notice thereof is received by the Recipient, within one (1) year of the occurrence of such event or events.
- 9.5 To the extent permitted by law, the Customer hereby agrees, for and on behalf of itself, and the Vessel owner, to waive any statutory right to limit liability for personal injury or property damage by establishing a limitation fund under any applicable international convention or national law governing the liability of owners and/or operators of seagoing vessels, including the Limitation Conventions. The Customer hereby warrants that it has the authority to bind the Vessel owner to such waiver of limitation. For the purpose of this clause, "Limitation Conventions" means the Convention on Limitation of Liability for Maritime Claims 1924, the Convention on Limitation of Liability for Maritime Claims 1957, the Convention on Limitation of Liability for Maritime Claims 1976, and the 1996 Protocol thereto.
- 9.6 Neither Operator nor Customer exclude or limit liability for death or personal injury caused by its negligence or the application of any provision of any applicable law to the extent that such exclusion would contravene that applicable law or cause any part of these Conditions to be void.
- 9.7 Indemnity; The Customer shall promptly indemnify Operator, its sub-contractors or any member of the Operator Group (and their respective employees, servants, agents, insurers or reinsurers) against all costs (including the costs of investigating and defending any claims), expenses, claims, losses, liabilities, orders, awards, fines, proceedings and judgments of whatsoever nature howsoever assumed, incurred or suffered by Operator, any of its sub-contractors or any member of the Operator Group (and their respective employees, servants, agents, insurers or reinsurers) as a result of or in connection with any of the following:
- 9.7.1 the act, omission or instructions of the Customer, consignee, consignor or owner or other persons interested in the Cargo and/or Equipment and/or Vessel;
 - 9.7.2 any breach by the Customer of any of the warranties given or obligations undertaken by the Customer under these Conditions, including the provisions of clauses 4, 5 and/or 6;
 - 9.7.3 the Customer becoming liable to any other party (including to any authority having legal jurisdiction over the Services, the Terminal, the Vessel, the Containers, the Equipment and/or the Cargo) and/or incurring or suffering additional costs by reason of Operator carrying out the Customer's instructions;
 - 9.7.4 any cause arising from or with respect to the Vessel, Containers, Equipment and/or Cargo for which Operator is not responsible;
 - 9.7.5 Operator incurring liability in excess of its liability under the provisions of these Conditions regardless of whether such liability arises from, or in connection with a breach of contract, negligence or breach of duty by Operator, its agents, servants, members of the Operator Group or any of its sub-contractors; and

- 9.7.6 delayed, inaccurate or incomplete information whenever provided, including VGM information provided by, or on behalf of, the Customers on which Operator relies.
- 9.8 Contract of Carriage;
- 9.8.1 The Customer (where acting as a carrier) undertakes to incorporate in all its Contracts of Carriage provisions to the effect that:
- (a) Operator shall not be liable to any person other than the Customer in relation to the Cargo and no claim or allegation shall be made against Operator or any of its subcontractors whatsoever, whether directly or indirectly, which imposes or attempts to impose upon Operator or any of its subcontractors any liability whatsoever in connection with the Cargo, the carriage of the Cargo or Contract of Carriage, whether or not arising in contract, bailment, tort, negligence, breach of express or implied warranty or otherwise; and
 - (b) Operator and all its subcontractors shall have the benefit of all terms, rights, defences, provisions, conditions, exceptions, limitations and liberties in the Contract of Carriage benefiting the Customer, including the governing law and jurisdiction clauses (**Defences**), as if the Contract of Carriage (including the governing law and jurisdiction clauses thereof) were expressly for their benefit. In entering into the Contract of Carriage the Customer, to the extent of the Defences, does so not only on its own behalf but also as agent and/or trustee for Operator and its subcontractors, and Operator and its subcontractors shall, to the extent of the Defences, be or be deemed to be parties to the Contract of Carriage.
- 9.8.2 Notwithstanding the liability of Operator to the Customer under these Conditions, if any claim or allegation should nevertheless be made against the Operator and/or any of its subcontractors (including in the event the Customer fails to incorporate the above-mentioned provisions into the Contract of Carriage), the Customer indemnifies Operator on Operator's own behalf and on behalf of its subcontractors against all consequences thereof.
- 9.9 No Personal Liability; There is no agreement between the Customer and any director, employee or consultant (whether employed or self-employed) of the Operator (each an Employee) and any services provided by such Employees are provided on behalf of the Operator and not in his or her personal capacity and no Employee assumes any personal responsibility, obligation or duty to the Customer. The Customer undertakes that it will not bring any claim (including under these Conditions or in law of tort) against an Employee.
- 9.10 Insurance; Operator does not arrange insurance for or on behalf of the Customer or any other party. The Customer is solely responsible for arranging insurance or ensuring that insurance has been arranged in relation to any Cargo, Equipment, Vessel, subcontractor, agent or any person which or who may, at the instruction or direction of or on behalf of the Customer, enter upon the Terminal. The Customer must take out and maintain with insurers of international standing (which shall include any members of the International Group of P&I Clubs but also any other insurers acceptable to the Operator with a minimum credit rating of BBB) all such insurances and insure against such risks and for such sums as would normally be taken out by a prudent shipping operator including P&I Club insurances.
10. **TERMINAL DAMAGE**
- 10.1 In case of any Vessel allision causing damage to the Terminal or any of the Operator's facilities or equipment, the provisions of this clause 10 shall apply. Vessel allisions cause the Operator and its affiliates significant financial losses including the costs associated with repair and/or repairing property; operational impact and inefficiencies, reputation damage; loss of business; increases in insurance premiums; unrecoverable legal costs; and management time and cost in responding to vessel allisions and investigating purchase and carriage options for repair

and/or replacement of damaged property. In developing the following sections of these Conditions, the Operator has sought to provide for a regime that allows the Operator to recover its losses in a formulaic way and seeks to strike a fair balance between the interests of the Operator on the one hand and the Customer and Vessel owner on the other hand. The Customer hereby warrants that it has the authority to bind the Vessel owner to the following terms.

- 10.2 The Customer hereby agrees, for and on behalf of itself, and the Vessel owner, that in the event of any vessel allision causing damage to the Terminal or any of the Operator's facilities or Equipment, the Customer and the Vessel owner will provide security, in a form acceptable to the Operator, for the Operator's worst realistic case losses, as determined by the Operator, plus two and half (2.5) years interest and costs together with written agreement from the Customer as to the Operator's submission for appropriate jurisdiction.
- 10.3 The Customer agrees (for and on behalf of itself and the Vessel owner) that the Operator shall only be required to obtain a maximum of three (3) quotations from contractors in respect of the repair or replacement of damaged Terminal infrastructure or equipment. In the event of the Operator's property being damaged, the Operator shall be entitled to recover from the Customer or the Vessel owner the cost of repairing or restoring the damaged portion of the property to a condition substantially the same as, but not better or more extensive than, its condition when new. In the event of the Operator's property being destroyed (which for the purposes of this clause shall mean when the property cannot be repaired within a reasonable time or to a condition at least equal to its condition prior to damage without incurring costs greater than the value of the property prior to it being damaged), the Operator shall be entitled to recover from the Customer or the Vessel owner the cost of replacing the damaged property with a similar property in a condition equal to, but not better or more extensive than, its condition when new.
- 10.4 Each party shall appoint, or procure that their insurers appoint on its behalf, a professional and independent forensic accountant to quantify the actual losses (including financial and business interruption losses) suffered by the Operator arising from the vessel allision. The parties shall provide all appointed forensic accountants with all reasonable co-operation and documents.
- 10.5 Within fifteen (15) days of the six (6)-month anniversary of the date of the vessel allision, the appointed forensic accounts shall jointly issue a summary of the actual losses suffered by the Operator arising from the vessel allision during the period of six (6) months from the date of the vessel allision.
- 10.6 If the forensic accountants disagree on the assessment of losses under clause 10.5, then each forensic account shall, within 5 days of the expiry of the period stipulated in 10.5 above, issue to the parties its sole assessment of the losses suffered by the Operator arising from the vessel allision during the period of six (6) months from the date of the vessel allision. If the results of the loss assessments made by the two (2) forensic accountants appointed by the parties (or their insurers) pursuant to clause 10.4 differ by ten percent (10%) or less, then such values will be averaged and such result shall be final and binding for the parties as the value of the business interruption element of the Operator's claim for the applicable period.
- 10.7 If the results of the loss assessments made by the two (2) forensic accountants appointed by the parties (or their insurers) pursuant to clause 10.4 differ by more than ten percent (10%), then the parties shall mutually agree and appoint a third independent appraiser or, if not so agreed with seven (7) days of the date of a written notice from one party to the other proposing the identity of a third independent appraiser then an independent third party appraiser shall be appointed by the ICC International Centre for Expertise (or such other body agreed by the parties), and such appraiser shall select one (1) of the two (2) valuations which, in its sole opinion, based on good industry practice, shall be final and binding for the parties as the value of the business interruption element of the Operator's claim for the applicable period.

- 10.8 The process set out in clause 10.5 to 10.7 shall be repeated every six (6) months until such time as the Terminal has resumed full operations (with a final reconciliation loss assessment to be conducted following the resumption of full operations).
- 10.9 Costs of appointed forensic accountants - The parties shall bear their own costs in relation to the appointment of any forensic accountants pursuant to this clause 7. The cost of any third independent appraiser appointed in accordance with clause 8.7 shall be shared equally between the parties.
- 10.10 The Customer shall pay to the Operator, in addition to any other remedies available to the Operator under this Agreement or at law, the amount determined pursuant to clause 10.5 to 10.7 within thirty (30) days of receipt of an invoice from the Operator issued following completion of the process set out in clause 10.5 to 10.7.

11. MISCELLANEOUS PROVISIONS

- 11.1 Entire agreement; (a) Subject to 11.1(b), these Conditions comprise the entire agreement between the parties with respect to the Services and any representations or statements whether made orally or written elsewhere are hereby excluded, provided that this clause shall not exclude or limit any liability or any right which any party may have in respect of pre-contractual statements made or given fraudulently; (i) hereby excludes, to the fullest extent permitted, all conditions, warranties or other terms implied or expressed by applicable law; and (ii) supersedes all previous agreements and arrangements between the parties with respect to the provision of the Services. (b) Operator may issue separate terms and conditions governing the provision of special services which are not covered by the published tariff or a. Unless specified otherwise in writing, such additional terms and conditions shall apply in respect of the special services and these Conditions shall continue to apply to the extent they are applicable.
- 11.2 EDI Communications; This clause shall apply (without prejudice to the other clauses in these Terms) where partial or exclusive transmission and interchange of information between the parties happens by means of an electronic data interchange system whereby electronic messages are transmitted from one party to another party ("EDI System"). The parties shall ensure that all such electronic communications are in compliance with the United Nations standards for Electronic Data Interchange for Administration, Commerce and Trade. The parties shall maintain (without modification) a data log of EDI System messages exchanged between them including details of times of transmission ("Data Log"). Data contained in the Data Log shall be retained by way of record for a period of not less than twelve (12) months. The Data Log may be maintained on computer media or other suitable means provided that, if it is necessary to do so, the data must be capable of being readily retrieved and presented in human readable form. Each of the parties shall take reasonable care in so far as it is within its power to do so to ensure that EDI System transmissions are secure and that unauthorised access to its EDI System is prevented. The parties agree that in the event of any complete or partial breakdown or failure of the EDI System and/or any related intermediary service platform, they will each take necessary steps to ensure the continued transmission and receipt of relevant messages, notices and information by alternative and/or additional means such that the operation of these Conditions is not adversely affected. The sender is responsible and shall use its best endeavours to ensure that EDI System messages are complete and correct. Notwithstanding the foregoing, the recipient must immediately inform the sender if it is, or should in all the circumstances, be reasonably obvious to the recipient that the transmission of such EDI System message is incomplete, incorrect or otherwise deficient.
- 11.3 Waiver; The waiver by either party of a breach or default of any of the provisions of these Conditions by the other party shall not be construed as a waiver of any succeeding breach of the same or other provisions, nor shall any delay or omission on the part of either party to exercise or avail itself of any right, power or privilege that it has or may have hereunder operate as a waiver of any breach or default by the other party.
- 11.4 Third Party Rights; The members of the Operator's Group and the Operator' sub-contractors are hereby entitled to enforce and have the benefit of all the liability provisions, warranties,

indemnities, limitations and exclusions of liability contained in these Conditions and which benefit Operator in accordance with the Contract (Rights of Third Parties) Act 1999. The rights of either party to agree to rescind, amend or otherwise vary or to waive any provisions of these Conditions or to settle any dispute or other matter arising out of or in connection with these Conditions on such terms as they shall in their absolute discretion think fit shall not be subject to the consent of any member of the Operator's Group or any of Operator' sub-contractors. Except as stated in this clause, any person who is not a party to these Conditions may not enforce, or otherwise have the benefit of, any provision of these Conditions¹.

- 11.5 Governing law; These Conditions and any contract or other relationship subject thereto shall be governed by the laws of England with the exception of matters reserved to the jurisdiction of national legislation as declared in clause 1.3.1. Any dispute arising from or in relation to these Conditions or any relationship subject thereto (whether arising in contract or otherwise) shall be subject to the laws of England unless otherwise stated by national legislation.²
- 11.6 Jurisdiction; Subject to clause 11.5 and 11.7, the Courts of England shall have exclusive jurisdiction over any dispute arising from or in relation to these Conditions or any relationship (whether arising in contract or otherwise) which is subject to these Conditions.
- 11.7 Operator shall have the right to bring any claim in connection with or arising out of these Conditions in the court of any jurisdiction.
- 11.8 Severability; If any provision of these Conditions shall be or be determined to be illegal, invalid, void or voidable, the legality or validity of the remainder of these Conditions shall not be affected and the remainder of these Conditions shall continue in full force and effect.
- 11.9 Language; Where these Conditions are translated into a language other than English and in the event of any conflict between the English version and the other version, the English version of these Conditions shall always prevail with the exception of clause 11.5.
