GUIDE FOR THE CONTAINER CARRIERS UKRAINE – PORT CONSTANTA SUD (CONSTANTA SOUTH PORT) (ROMANIA)

1. When you cross the border into Romania, you will have to obtain the customs declaration T1 which accompanies one of the two codes for the destination of the containers: ROCT1900 for the CSCT terminal (DP World Constanta) and ROCT1970 for the SOCEP terminal.
2. In order to unload/load in the CSCT terminal, you will follow the route to the access point into the Constanta SOUTH Port (port Constanța SUD) – Gate 10B (Poarta 10B) (scan the QR code or access <https://tinyurl.com/2p94p5an>) where you will submit the transport documents at the customs office. Also, you have to pay an entry tax into the port of 54 RON (only cash).
3. With the documents obtained from the customs office, you go to the CSCT terminal (scan the QR code or access <https://tinyurl.com/3y5hznzvn>). For the performance of the formalities, you can park in the two areas specified on the map.
4. For the drafting of the formalities and the obtaining of the instructions for the unloading/loading, please contact the shipping agent of the container line:

5. After the obtaining of the PIN code corresponding to the scheduling of the unloading/loading into the terminal from the shipping agent, you go to the Documentation office of the CSCT terminal for:
 - The presentation of the customs document
 - The performance of the training and of the testing
 - The registration of the means of transport
6. After that, you go, at the hour scheduled, to the entry point into the terminal. If, when getting near it, the barrier does not lift itself, follow the instructions from the info kiosk.
7. After the barrier, you go to the main gate where you obtain the ticket with the unloading/loading position.
8. For the orientation into the terminal in accordance with the position from the ticket, you can use the WAZE app, by keying in the destination field as follows:

9. For your safety, it is mandatory to comply with these rules:
 - wear the protection equipment comprising the HiVis jacket, helmet and safety footwear
 - the maximum driving speed is of 30 km/hour, respectively 5 km/hour in certain areas
 - wear the safety belt correctly
 - smoking is forbidden, including in the cabin
 - it is strictly forbidden the exit the cabin, with the exception of the container unlocking/locking stations and for the adjustment of the trailer
 - it is strictly forbidden to use the telephone for calls and writing of messages when driving
 - comply with the posts, road signs and the instructions of the terminal staff
 - the equipment and the vehicles from the terminal always have priority
10. After the conclusion of the operations, drive within the shortest period of time to the exit, but not before you fix/lash the container on the trailer in the locking area
11. At the exit from the terminal, you will contact the shipping agent to obtain the container specification.
