# Operational Status and Measures

## Full containers yard - Operational status at 13.10.2023:

- **Yard utilization rate: 91.87%**  
(Terminal capacity utilization, calculated as the number of existing TEUs in the terminal compared to the maximum operational storage capacity of the terminal)
- **Average age of the full containers: 13.43 days**  
(The average length of stay expressed in days of containers that are in the terminal at the time of calculation)
- **Average dwell time of the full containers: 8.63 days**  
(The average length of stay expressed in days of containers leaving the terminal in the last week)

## Operational measures & windows for full containers

(in force if yard utilization is less than 80%):

- Berthing of vessels will be scheduled in such a way as to keep the yard operation at suitable performance level.
- In case import volumes exceed with more than 20% export volumes, containers will be discharged from vessels providing storage space is available in yard.
- Imports shall be delivered within 7 days from the day of entrance.

Acceptance of discharging import empty containers is handled on a case-by-case basis upon prior notification.
