Operational Status and Measures

Full containers yard - Operational status at 23.02.2024:

- **Yard utilization rate: 58.33%**
(Terminal capacity utilization, calculated as the number of existing TEUs in the terminal compared to the maximum operational storage capacity of the terminal)
- **Average age of the full containers: 18.49 days**
(The average length of stay expressed in days of containers that are in the terminal at the time of calculation)
- **Average dwell time of the full containers: 5.78 days**
(The average length of stay expressed in days of containers leaving the terminal in the last week)
- **Reefer block occupancy – 43.58 %**

Operational measures & windows for full containers (in force if yard utilization is more than 80%):

Export containers will be allowed to enter the terminal:

- 15 days before vessel ETA for containers arriving by rail,
- 7 days before vessel ETA for containers arriving by truck.

Import containers:

- Will be discharged from vessels providing storage space is available in the container yard,
- Imports must be delivered within seven days from the day of entrance.

All measures will remain in effect until the terminal occupancy rate drops below 80% for two consecutive weeks.
