Vacancy Safety, Environmental & Quality (SEQ) Officer

About DP World

DP World is a global leader in smart logistics solutions, enabling the seamless movement of trade across 190 business units in 69 countries. With our extensive portfolio of logistics terminals, marine services, ports, and economic zones, we think ahead to shape the future of global commerce.

At DP World, innovation meets purpose. We embrace change, leverage technology, and build enduring relationships with governments, shippers, traders, and communities. Our diverse workforce of over 97,000 professionals is committed to creating a positive impact on economies, societies, and the planet.

The Opportunity

This role offers an exciting opportunity for a motivated professional with a passion for Safety, Environment, and Quality Management. As SEQ Officer, you will play a key role in maintaining and improving operational standards aligned with ISO, DP World, and regulatory requirements. You will support the continuous improvement of the Business Unit's environmental and quality performance, and contribute to building a safe, efficient, and sustainable work environment.

The role

Key Responsibilities

Quality

- Support the implementation and continuous improvement of the SEQ management system aligned with ISO and DP World standards.
- Assist in organizing and conducting internal and external audits.
- Maintain and update documentation, procedures, and work instructions to reflect current operational conditions.
- Monitor and follow up on Corrective Action Requests (CARs) to ensure timely resolution.

Paramaribo Office

Environment

- Support the execution and monitoring of the Decarbonization and Waste Management strategies.
- Collect and report environmental performance data.
- Coordinate environmental measures within the BU's operational framework.

Safety

- Assist in conducting safety, environmental, and quality trainings, awareness sessions, and campaigns.
- Participate in inspections, observations, investigations, and incident analysis.
- Promote a strong safety culture and compliance with regulatory and company requirements.

Qualifications & Experience

- Bachelor's degree in Safety, Environmental Science, or Quality Management (or equivalent).
- Minimum of 3–5 years of experience in HSE and/or Quality roles within an industrial or logistics environment.
- Completed ISO and relevant Safety/Environmental training courses.
- Strong organizational, analytical, and time management skills.
- Excellent communication skills in Dutch and English (written and spoken).
- Proficiency in MS Office and ability to work both independently and in a team.

Core Competencies

- Strong sense of responsibility and attention to detail.
- Proactive and hands-on approach to problem-solving.
- Team-oriented, collaborative, and adaptable to changing priorities.
- High level of integrity and commitment to continuous improvement.
- Ability to promote safety and sustainability awareness across all levels.

Why DP World Paramaribo?

- Join a global organization driving innovation and sustainability in logistics.
- Contribute to a culture that values safety, environment, and quality excellence.
- Be part of a diverse, professional team committed to operational excellence and continuous growth.
- Develop your career in a company that invests in its people and their future.
