

DP WORLD

RAIL ACCESS

Providing highly efficient and reliable rail freight solutions in the UK – making rail freight easier and allowing you to reduce your CO2 emissions in line with Net Zero targets.

OUR CONNECTIVITY

- A choice of 4 rail operators
- Operate 30 daily services
- DP World provides a near 100% reliable rail feed
- We ensure boxes arrive on time for their train
- Direct train from Southampton to London Gateway

**EMISSIONS
REDUCED
ON AVERAGE
BY 78%
COMPARED TO HGV***

RAIL BOOSTS SUSTAINABILITY

Efficient planning services deliver your box on time while removing road miles from your supply chain – cutting CO2 emissions and boosting sustainability.

* 78% reduction based on UK Department for Business, Energy and Industrial Strategy Greenhouse Gas Reporting Conversion Factors 2021

**POSSIBILITY IS JUST A
QUESTION OF LOGISTICS**

- 2 x daily services via Maritime Rail servicing Trafford Park & Birch Coppice
- 1 x weekly service via DP World UK servicing Southampton

For the full UK service timetable please contact railbookings@dpworldsouthampton.com

FUTURE RAIL INVESTMENT

A second rail head with the capacity to handle more volume by rail is planned at London Gateway.

Additional freight capacity on the rail network is available from both our UK Ports.

This means we can provide contracted trains to other rail hubs subject to volume and demand.

We are actively involved with Network Rail to electrify parts of the UK network including rail freight paths into deep sea terminals.

ACCELERATE NET ZERO WITH MODAL SHIFT

Launched in September 2023, Our Modal Shift Programme has been extended until the end of 2025.

Our Modal Shift Programme financially incentivises cargo owners to utilise rail as a sustainable supply chain option and for import containers within a 140 mile radius from Southampton.

RAIL MORE BOXES, CUT CO2 EMISSIONS

POSSIBILITY IS JUST A QUESTION OF LOGISTICS
