1 PREFACE AND BASIC TERMS

Short Title

This document may be cited as the "Terminal Services Tariff," and is generally referred to as the "Tariff."

Publication

This Tariff is published by the Operator with the approval of the Port Authority. It incorporates certain provisions of the Port Authority Fee Document for wharfage and berthage charges.

Effective Date and Changes

This Tariff shall be subject to change without specific notice and such changes will be effective from April 1, 2024 (the "Effective Date"), or such other date specified in the notice.

Scope of Tariff

This Tariff and all rates, charges, rules, regulations and definitions contained herein, and the DP World Standard Terms and Conditions (the "Conditions") available on-line at www.dpworldstjohn.com, shall apply to the Cargo and related marine operations at the Terminal (including the "Services" defined in the Conditions) and to all Users and any individual, person, firm or corporation engaged in and/or responsible for the handling of a Vessel and/or the movement of its Cargo, including but not limited to; Vessel and/or cargo agents, charterers, brokers, freight forwarders and shippers or consignees. The Terminal is owned by the Port Authority and operated by the Operator.

The Operator provides the Services to the Users, subject to the terms, conditions, rules, regulations and definitions of this Tariff and the Conditions, which shall govern the relationship between the Operator and such Users.

Notice to Public

This Tariff and the Conditions are notice that the rates, charges, terms, conditions, exclusions from liability, limitations, rules, regulations, and definitions contained herein apply to all Users of any of the services described herein, or any of the property described herein without specific notice, quotation, or prior arrangement. Where there is a direct conflict between this Tariff, the Conditions and the Port Authority Fee Document, the Port Authority Fee Document shall apply but only to the extent of such conflict.

The Port Authority provides berthage at the Terminal, subject to all the terms and conditions of the Port Authority Fee Document. The use of any of the Services, the Terminal, docks, wharves, and facilities operated by the Operator shall be deemed complete acceptance of this Tariff, the Conditions and the Port Authority Fee Document and any revisions or supplements thereto and all such persons agree to pay all charges specified herein and to be governed by the rules and regulations appearing in this Tariff.

The Operator reserves the right to furnish all equipment, supplies and materials and to perform all services in connection with the Services.

Limitations and Exclusion of Liability

Take notice that the Conditions and this Tariff contain provisions limiting, and/or excluding liability on the part of the Operator, the Port Authority their respective affiliates and others.

Charges

Charges for Services shall not exceed the rates published in this Tariff.

All charges herein, when not paid or absorbed by the Customer, are for the account of the Cargo Owner, unless otherwise specified.

All charges quoted herein are in Canadian dollars and based on performing the work during Straight Time operating periods.

1.1 DEFINITIONS

In this Tariff:

The definitions set out in the Conditions are incorporated herein except:

"Operator", as used in this Tariff, means DP World Saint John, Inc. and its directors, officers, employees, agents, representatives, authorized external advisors and other third parties acting on the Operator's behalf;

"Terminal", as used in this Tariff, means Port Saint John, having a Terminal address at 10 King Street West, Saint John, NB.; and,

"Port Authority", as used in this Tariff, means the Saint John Port Authority, also known as Port Saint John, and their officers, employees, servants, and agents.

Abandoned Cargo - means any Cargo that is under the Operator's control due to not having been withdrawn from the Terminal by a Customer or Cargo Owner, as applicable, thirty (30) days after the expiration of any applicable Free Time or the Customer or Cargo Owner, as applicable, has confirmed in writing that they have abandoned the Cargo.

Berth Corridor – means the portions of the Terminal immediately adjacent to the berths.

Bill of Lading - means the bill of lading issued by the Customer to distinguish a single Shipment of Cargo carried by a Vessel.

Breakbulk Cargo - means Cargo which transits the Terminal in units or packages (not including Containers).

CBSA – means the Canada Border Services Agency established pursuant to the Canada Border Services Agency Act, S.C. 2005, c. 38.

Collective Agreement – means an agreement in writing between an employer and an organization of employees that concerns, rates, charges, terms, conditions of employment.

Container Storage Area – means an area of open space provided for storing containerized Cargo (usually in idle status).

Container Yard – means a place designated within the Terminal where containerized Cargo, which are in transit between Vessels and Inland Carriers or the container freight station, are temporarily held or assembled.

Demurrage - means the daily charge payable on Imported and Exported Cargo which remain on the Terminal longer than the applicable Free Time.

Effective Date - has the meaning set forth in Section 1 (Preface and Basic Terms).

EIR - means equipment interchange receipts.

Export - means the movement of Cargo from an Inland Carrier to a place of rest at the Terminal and its subsequent transfer onto a Vessel.

Free Time – means a period of time specified in this Tariff during which containerized Cargo or non-containerized Cargo, as applicable, may occupy space assigned to it in the Terminal, free of storage charges, either prior to the loading to a Vessel or subsequent to the discharge from a Vessel.

Import - means the movement Cargo from a Vessel to a place of rest at the Terminal, and its subsequent transfer to an Inland Carrier.

Inland Carrier – means railway company, rail carrier, truck carrier, cartage company, tug and barge company operating within the coastal and/or inland waters, a private carrier, or any other transport vehicle that receives or delivers Cargo discharged from or to be loaded onto a Vessel.

LOA - means the maximum length overall of the Vessel in meters as stated on the certificate of registry or an alternate certificate document that declares the maximum length of a Vessel.

M.T. - means that the number of Tonnes is calculated by measurement, in cubic meters, and equals 1,000 kilograms, or 2,204.6 pounds, or 1.1023 short tons, or 0.9842 long tons.

M/E - means that the charge is based on man-hour rates and charges for equipment rental, as set out in this Tariff.

N.O.S. - means Cargo not otherwise specified.

Non-Working Period - are for the purposes of calculating berthage fees limited to Christmas Day, New Year's Day, and Labour Day, always subject to the Vessel in fact not being worked, meaning there is no loading or unloading of Cargo.

OOG – means out of gauge and in respect of a Container means it does not conform to ISO dimensional standards.

Overtime – means hours of work over the regular shift hours performed in premium pay periods as defined in the Collective Agreement

Shipment – means a single consignment of Cargo tendered on one shipping document at one time from one point of origin by one shipper for one consignee to one point of destination. A shipment which is transported by a Vessel is distinguished by a separate Bill of Lading or Waybill issued by the Customer.

Stores - means a Vessel's supplies.

Straight Time – means the hours of work defined in a Collective Agreement as regular straight time hours.

Statutory Holidays - means has the meaning set forth in the Collective Agreement.

TEU - means twenty-foot equivalent unit and in calculating TEUs, a 20' Container shall comprise one (1) TEU, a 40' Container shall comprise two (2) TEUs, and a 45' Container shall comprise two and a quarter (2.25) TEUs.

Tonne - unless otherwise specified, all "Tonnes" shall be regarded as freight tonnes and shall be determined by a weight Tonne of one thousand (1,000) kilograms or a measurement of one (1) cubic meter, whichever is greater.

Transshipment - means to transfer Cargo from one Vessel to another for further transportation to another terminal with said transfer occurring completely at the Terminal, in the case of laden containerized Cargo, without the containerized Cargo being destuffed or altered in form or composition.

W.T. - means that the number of Tonnes is calculated by weight, in metric Tonnes.

Waybill - means the waybill issued by the Customer to distinguish a single shipment of Cargo carried by a Vessel.

Working Periods - means all other periods of time outside those deemed non-Working periods.

9 STORAGE AND DEMURRAGE CHARGES

9.1 IMPORT AND EXPORT LADEN

Following the expiry of any applicable Free Time, all containerized Cargo is subject to Demurrage. Demurrage rates are assessed on and including any part or partial days. Demurrage may be prorated for containerized Cargo with multiple Bills of Lading or Waybills and multiple parties being charged may be provided. The basis for proration will be calculated on the basis of the measurement of the Cargo.

Unless otherwise agreed in writing, the earliest receiving date applicable for an Export rail containerized Cargo is seven (7) calendar days prior to a Vessel's cut-off and for an Export truck containerized Cargo is three (5) working days prior to Vessel cut-off.

Unless otherwise agreed in writing, the Free Time on all Exports shall be seven (7) calendar days prior to the date of the applicable Vessel's actual arrival.

The Free Time on all Imports shall be calculated as follows:

Truck	All Imports received for truck shall have five (5) gate working days Free Time following Vessel release which is usually after the Vessel completion.
Rail	All Imports received by rail shall have three (3) calendar days Free Time following the day the Vessel that unloaded the containerized Cargo is released, which is usually the Vessel completion date, provided, that where rail containerized Cargo are pre-cleared or traveling in bond & no holds are placed on them.
CBSA	All Imports received subject to CBSA examination shall have three (3) working days Free Time following return of the containerized Cargo from customs exam or any removal of customs hold, as applicable. The days include day of delivery or day hold is removed.

The Free Time only applies to Containers that are loaded or discharged from a Vessel. Demurrage on Import containerized Cargo, including empty Import containerized Cargo, is paid as follows:

IMPORT LADEN CONTAINER

	Unit	Rate
<i>First 5 Calendar Days Following Free Time</i>	Per TEU / day	\$13.79
<i>Everyday Thereafter</i>	Per TEU / day	\$27.59

EXPORT LADEN CONTAINER

	Unit	Rate
<i>First 7 Calendar Days Following Free Time, Includes day of Receipt</i>	Per TEU / day	\$9.38
<i>Everyday Thereafter</i>	Per TEU / day	\$19.31

Demurrage is due and payable on a joint and several basis by the Cargo Owner and the Customer that carried the containerized Cargo in the case of an Import shipment, or the Customer that was scheduled to carry the containerized Cargo in the case of an Export shipment.

After thirty (30) calendar days, the Cargo Owner or Customer, as applicable, must have the written authorization of the Operator to keep the containerized Cargo on the Terminal and beginning on the thirty first (31st) day such containerized Cargo, at the Operator's sole option, shall be:

- (a) returned to the Cargo Owner or Customer, as applicable;
- (b) subject to all applicable Demurrage;
- (c) considered Abandoned Cargo and assessed a penalty in accordance with Section 2.4 (Abandoned Cargo and Containers); and/or
- (d) subject to a lien and the power of sale in accordance with clauses 7.7 to 7.11 of the Conditions

9.2 EMPTY CONTAINER STORAGE

Empty Container storage is the service of providing open or ground space in the Container Storage Area for empty Containers in idle status. Empty Containers will be accepted for storage at the Terminal only if there is sufficient designated space available to accommodate them.

Empty Containers accepted for storage will be assembled in a block stow configuration separated by owner, size, and general type only. Normal retrieval of Containers will be on the basis of first Container available. Requests to redeliver specific Containers which may result in the need to dig within the storage pile will be assessed a Container handling charge for each additional Container move required.

Storage charges for empty Containers are payable from the time of delivery to a Container Storage Area, shall be invoiced each month and shall be calculated according to the number of Containers in storage each day of the month covered by the invoice.

In the event of non-payment for the storage or evacuation of empty Containers, or in the event of insolvency of a Customer or other User that provided empty Containers to the Terminal, the Operator shall have a general lien over the empty Containers in accordance with the provisions of clauses 7.7 to 7.11 of the Conditions, including, without limitation, the right to sell the empty Containers that are subject to the lien by public auction or private sale without notice to the User or owner of the empty Containers.

The reporting of damage to Containers on EIRs is limited to obvious external damage that can be readily seen by the human eye. Normal wear and tear, such as minor scrapes, dents and bruises which do not interfere with the serviceability of the equipment, and hidden damage which cannot be seen at the time the inspection is made (such as hairline cracks, pin holes, etc.) and the condition of floors and the undercarriage of Containers are specifically excluded.

12 NON-CONTAINERIZED CARGO

12.1 TERMINAL THROUGHPUT SERVICES – NON-CONTAINERIZED CARGO

12.1.A Import Cargo

The Terminal throughput services for non-containerized Cargo discharged from a Vessel at the Terminal consist of:

- (a) unhooking the Cargo from the Vessel's lifting gear;
- (b) transporting the non-containerized Cargo from the Berth Corridor at Vessel's side to a place of rest on the Terminal;
- (c) without any sorting, storing the non-containerized Cargo in an orderly fashion in the order received at the place of rest;
- (d) at the place of rest, assess by visual inspection and record the quantity and condition of the non-containerized Cargo;
- (e) storing the non-containerized Cargo for the allowable Free Time;
- (f) once, either:
 - I. transporting the non-containerized Cargo to a loading area, placing it once onto, but not securing it to or shifting it, a truck, and allowing the truck to pass one time through a gate to leave the Terminal with the Cargo; or
 - II. transporting the non-containerized Cargo through a gate once to a rail loading facility on or adjacent to the Terminal but not shifting it nor loading it on to a rail car nor securing it to a rail car.

Note: Inland Carriers must secure Cargo to the vehicle on which any Cargo is loaded and are solely responsible for providing any dunnage and securing material that may be required for doing so.

12.1.B Export Cargo

The Terminal throughput services for non-containerized Cargo received at the Terminal to be loaded to a Vessel at the Terminal consist of:

- (a) once, no sooner than the earliest receiving date and no later than the latest receiving date as advised by the Operator, either:
 - I. allowing a truck to bring the non-containerized Cargo through a Gate to an unloading area and, after the Inland Carrier has removed any securing, unloading the non-containerized Cargo from the truck; or
 - II. picking up non-containerized Cargo that has been discharged from a rail car at a rail siding on or adjacent to the Terminal, moving the non-containerized Cargo through a Gate at the Terminal; and transporting the non-containerized Cargo to a place of rest at the Terminal;
- (b) once, transporting the non-containerized Cargo from the place of rest to the Vessel's side in the Berth Corridor; and
- (c) hooking the Cargo onto the Vessel's lifting gear

12.2 TERMINAL THROUGHPUT SERVICES – STEEL CARGO TERMINAL

The rates for Terminal throughput services for various types of Steel Cargo are by arrangement.

12.3 TERMINAL THROUGHPUT SERVICES – NON-STEEL CARGO

The rates for Terminal throughput services for various type of non-steel Cargo are by arrangement.

12.4 SERVICES, MATERIALS, USE OF THE TERMINAL NOT OTHERWISE PROVIDED FOR IN THIS TARIFF

If, when requested by a User, the Operator agrees to provide materials, services or the use of the Terminal not otherwise provided for in this Tariff, the charges for doing so, including:

- (a) the cost of labour including any applicable shift differentials and any premiums or other labour costs that may be payable;
- (b) the cost of any equipment used;
- (c) the cost of any materials provided; and
- (d) the cost incurred in using any third-party service providers,

as calculated in accordance with the man-hour rates and charges for equipment rental as set out in this Tariff (M/E), for anything not so provided, as agreed to, or calculated at a rate agreed to, by the Operator, are charges which the User making the request must pay.

Except where they may be provided for specifically in this Tariff, for materials and for services for provided by third parties in the course of providing services or use of the Terminal, the charges will be an amount equal to the actual cost incurred to obtain those services or materials, including any costs for delivery including but not limited to labour and material costs, plus 50%, which charges must be paid by the Customer.

12.5 RAILWAY CARS – ADDITIONAL SERVICES

Blocking and bracing of railway cars must be specifically requested. Bracing or additional dunnage will be provided only upon written request of a User, the cost of which are charges which the User making the request pay.

Note: The Operator specifically relies upon the User to ensure the adequacy of stowage of Cargo on a railway car. The Operator shall not in any circumstances be held liable for any damage to and accepts no responsibility whatsoever for damage to any Cargo loaded to a rail car.

12.6 STANDARD STEVEDORING SERVICES – NON-CONTAINERIZED CARGO

By arrangement, the standard stevedoring services for the discharge of non-containerized Cargo from a Vessel consist of, with the use of the Vessel's gear:

- (a) shifting Cargo in the hold to facilitate discharge, if required in the normal course for the type of Cargo;
- (b) attaching lifting gear (for example, slings, choker chains, etc.) to the Cargo;
- (c) lifting the Cargo from the hold and placing on the Berth Corridor at Vessel's side.

The standard stevedoring services for the loading of non-containerized Cargo on a Vessel consist of, with the use of a third party supplied shore loader(s), conveying the Cargo to the loading spout, and directing the non-containerized Cargo into the Vessel's holds in accordance with stowage plans as provided by the User. It is the responsibility of the User to obtain advance approval from Transport Canada and/or the Canadian Food Inspection Agency, or any other governmental authorities as required, for loading of non-containerized Cargo to a Vessel.

12.7 TRANSSHIPMENT SERVICES FOR NON-CONTAINERIZED CARGO

The Operator will discharge non-containerized Cargo from a Vessel for the purpose of loading to another Vessel only in accordance with a specific agreement with a User to do so. All costs incurred in doing so (for example, labour, equipment costs incurred in handling the Cargo or as a result of any delay while doing so, including extra costs incurred with respect to other Cargo) are charges that must be paid by the User requesting the service.

12.8 DIRECT TRANSFERS

A direct transfer is the delivery of export non-containerized Cargo directly to a Vessel's hook, or the delivery of Import non-containerized Cargo from a Vessel's hook to a User onto another Vessel, truck, railcar, or other mode of transport arranged by the User and which are received onto such transport. If for any reason non-containerized Cargo for direct transfer are landed on the quay and/or stacked in the open yard, full handling charges shall apply.

The Operator's prior approval must be obtained prior to a direct transfer and the Operator reserves the right to refuse direct transfer service of all or parts of a shipment at its sole opinion.

The direct transfer rates set out in the table below include:

- (a) the ordering in and out of the dock of railway cars or motor vehicles as required by instructions from the Vessels;
- (b) the positioning of open railway cars; and,
- (c) the discharge of non-containerized Cargo to another Vessel, truck, railcar or other mode of transport at the convenience of the Operator;
- (d) but do not include:
- (e) wharf checking service;
- (f) access for truck or railcar to berth to receive or deliver non-containerized Cargo by direct transfer; or
- (g) access to a second Vessel to a Vessel at berth to allow for direct transfer.**these three items are charged as per M/E.

12.9 RESPONSIBILITY, LIABILITY, AND INDEMNITY FOR DIRECT TRANSFERS

Where there is a direct transfer of non-containerized Cargo, the Operator shall not be responsible for:

- (a) recording or verifying the quantity, quality, condition, marks, or type of non-containerized Cargo discharged from or loaded;
- (b) delays in loading or discharging of the non-containerized Cargo;
- (c) securing or unsecuring of the non-containerized Cargo to or from another Vessel, truck, railcar, or other mode of transport; or
- (d) inspecting, checking, or otherwise verifying the suitability of the non-containerized Cargo for transport by another Vessel, truck, railcar, or other mode of transport.

In addition to the foregoing, where there is a direct transfer of non-containerized Cargo:

- (a) the Operator shall not be liable for any costs, expenses, damages or losses caused directly or indirectly by the loading of non-containerized Cargo onto another Vessel, truck, railcar or other mode of transport, securing of non-containerized Cargo onto another Vessel, truck, railcar or other mode of transport, or any subsequent carriage and/or handling of the non-containerized following the direct transfer, even if such costs, expenses, damages or losses are caused by an act, omission or the negligence of the Operator; and
- (b) the User requesting the direct transfer shall indemnify and hold harmless the Operator against any costs, expenses, damages or losses including, but not limited to, physical damage to the property of the Operator, claims by third parties for physical damage and/or personal injury and/or consequential loss howsoever caused or occasioned as a result of the loading of non-containerized Cargo onto another Vessel, truck, railcar or other mode of transport, securing of non-containerized Cargo onto another Vessel, truck, railcar or other mode of transport, or any subsequent carriage and/or handling of the non-containerized following the direct transfer, even if such costs, expenses, damages or losses are caused by an act, omission or the negligence of the Operator.

12.10 NON-CONTAINERIZED CARGO DEMURRAGE

For non-containerized Cargo, the Demurrage charge is calculated as the greater of the weight in W.T. times the daily rate or the measure in M.T. times the daily rate. The charge for non-containerized Cargo Demurrage is by arrangement. Free time for non-containerized Cargo is forty-eight (48) hours prior to the scheduled loading for Export shipments and forty-eight (48) hours after completion of discharge in the case of Import shipments.

Demurrage is due and payable on a joint and several basis by the Cargo Owner and the Customer that carried the Non-containerized Cargo in the case of an Import shipment, or the Customer that was scheduled to carry the non-containerized Cargo in the case of an Export shipment upon the expiry of Free Time. All storage and demurrage rates shall be in accordance with Section 9.

12.11 NON-CONTAINERIZED CARGO SERVICES

12.11.A Boarding

Boarding is the process of making loose non-containerized Cargo so that it is Unitized and the rates for boarding are determined at the time the services are to be performed.

12.11.B Bracing

Bracing is the process of bracing Unitized or loose non-containerized Cargo in a Container so that it is secure in the Container. The rates for bracing are determined at the time the services are to be performed.

12.11.C Covering Non-containerized Cargo

15.2 TAXES

All amounts payable to the Operator pursuant to this Tariff do not include any value-added, sale, use, consumption, multi-staged, ad valorem, personal property, customs, excise, stamp, transfer, or similar taxes, duties, or charges, (collectively "Sales Tax") and all Sales Taxes are the responsibility and for the account of the person(s) by whom the charges pursuant to this Tariff are payable. If the Operator is required by law or by administration thereof to collect any applicable Sales Taxes from a person responsible for payment of charges pursuant to this Tariff, such person shall pay such Sales Taxes to the Operator concurrently with the payment of any charges payable pursuant to this Tariff, unless such person qualifies for an exemption from any such applicable Sales Taxes, in which case such person shall, in lieu of payment of such applicable Sales Taxes to the Operator, deliver to the Operator such certificates, elections, or other documentation required by law or the administration thereof to substantiate and effect the exemption claimed.

Any exemption claimed from Sales Taxes extended by the Operator to any person is without prejudice to the position of the Operator, which is entitled to charge such person by whom the exemption has been claimed with Sales Taxes at any subsequent date should the taxing authorities determine that the Cargo and services provided pursuant to this Tariff are taxable.

15.3 PAYMENT OF CHARGES

All charges herein, when not paid or absorbed by the Customer, are for the account of the User. On Import and Export traffic moving in connection with Customers, provisions for complete or partial payment or absorption of terminal charges are contained in Customer's tariff. Cargo Owners are urged to consult with the Customer's tariff for accurate determination of applicable terminal charges if any, for the account of Cargo.

15.4 CALCULATION OF CHARGES

Where a charge, excepting Demurrage, imposed in respect of any Cargo is based on either weight or measurement, it shall be calculated on the weight or measurement of the Cargo, whichever is greater.

No invoice shall be issued where the amount of the charges incurred is less than \$2.00 (two dollars).

Where a charge provided for in this Tariff for a type of Cargo is expressed based on weight, the Charges are determined on the gross weight of the Cargo stated on the description of the Cargo provided to the Operator.

Where a charge provided for in this Tariff for a type of Cargo is expressed on the basis of a quantity other than weight (for example, volume), the charges are determined on the quantity of Cargo stated on the description of the Cargo provided to the Operator

The Operator may in its sole discretion re-consider any description of any Cargo and substitute its own description in accordance with Section 8.8 for the purposes of calculating the charges payable with respect to that Cargo

15.5 MINIMUM BILLING CHARGE

All invoices issued by the Operator for any service, or combination of services, as provided in this Tariff shall be subject to a minimum billing charge of \$35.00 per invoice.

15.6 REDUCTION OF CHARGES

No reduction of charges provided in this Tariff shall operate to reduce the amount payable for any service below minimum charge for that service set out in this Tariff.

15.7 MATERIALS SUPPLIED

Charges for any material furnished in connection with any services performed by the Operator shall be based on the actual cost of the material plus fifteen percent (15%).

15.8 VERIFICATION OF WEIGHTS AND MEASUREMENTS

Shipping weights and measurements shown on Bills of Lading, Waybills or other shipping documents are subject to checking by the Operator and the actual scale weight or measurement of the Shipment as determined by the Operator will govern rating and billing.

15.9 RATES SUBJECT TO CHANGE

The rates set out in this Tariff, revisions, or supplements thereto, are based upon ordinary traffic and labour conditions. If and when these conditions change because of demands of labour for increased wages, strikes, congestions or other causes not reasonably within the control of the Operator, resulting in an increased cost of service, the rates are subject to change without notice or the charge for the services may be assessed on the basis of man-hour and equipment.

15.10 CHARTER PARTY AGREEMENTS, SALES CONTRACT, ETC.

The existence of any agreement in connection with a charter party, sales contract, or otherwise, which purports to relieve a Vessel, the Customer, the Vessels' agent, or operator, of any charge properly assessable against same, shall not relieve said Vessel, the Customer, the Vessels' agent, or operator from liability for the payment of such charge under this Tariff.

15.11 SERVICES AND USE OF THE TERMINAL NOT OTHERWISE PROVIDED FOR

Any stevedoring, and Terminal services or other use of the Terminal not otherwise provided for expressly in this Tariff will be calculated as per Sections 14.1, 14.2, and 14.3.

16 CARGO

16.1 CARGO RECEIVED OR DELIVERED

Cargo is received for Shipment when the terms of the dock receipt or other document approved or issued by the Operator have been accomplished. Cargo is delivered when the terms of the delivery order or other document approved by the Operator have been accomplished. Cargo received at the Terminal that is waiting for a Vessel or an Inland Carrier to arrive is in transit until other specific arrangements for its care and custody are made by the Cargo Owner, Vessel and/or Inland Carrier with the Operator. Notwithstanding terms of sale and other considerations or agreements, Cargo in transit in or on the Terminal is under control of the Vessel involved and subject to the terms and conditions of its Bill of Lading, Waybill, or contract of affreightment issued until loaded on board, released by accomplishment of delivery, or released to and accepted by the Operator for other custody.

In the event of any claim made against the Operator for damage to, loss or destruction of Cargo, the Operator will, notwithstanding the provisions of this Section 9 (Cargo), have the benefit of any provisions of this Tariff or the Conditions by which the liability of the Operator is excluded or limited.

16.2 REDELIVERY AND TRANSSHIPMENT CARGO

The charge or charges on Cargo received at the Terminal for delivery to a Vessel which, due to conditions unforeseen at the time of receipt, must be redelivered to a land carrier, or similarly, containerized Cargo received at the Terminal, or non-containerized Cargo which is stuffed into Containers at the Terminal and which is subsequently diverted for Transshipment by the Customer in lieu of a direct call of a Vessel, shall be the same as that applicable to Cargo loaded to a Vessel making a direct call.

For Cargo which is Transshipped, all charges will be charged in accordance with the rates and charges as defined in this Tariff for Import and Export Cargo respectively which is charged once only.

16.3 COMPULSORY REMOVAL OF CARGO

The Port Authority or the Operator may, by written notice to the Cargo Owner, require the removal of a Cargo Owner's Cargo (a) that, in the Operator's sole discretion, it deems likely to damage human health, other Cargo or other property; or (b) that is on Terminal after the expiration of any Free Time. Such removal shall be, on a joint and several basis, at the expense of the Cargo Owner and the Customer that carried the Cargo in the case of an Import Shipment, or the Customer that was scheduled to carry the Cargo in the case of an Export Shipment. Upon the receipt of such notice, the Cargo Owner or said Customer shall remove the Cargo immediately. This provision does not apply to Cargo on the Terminal that is under lease to any person or allotted to any person by the Port Authority.

The Operator may, at the risk and expense of the Cargo Owner or the said Customer, remove, store, relocate or dispose of any Cargo that is left on Terminal for more than seven (7) days after the expiration of any Free Time, or at any time after the Cargo becomes Abandoned Cargo. The Operator shall not be responsible for any loss or damage of whatsoever nature and howsoever caused, even if caused by an act, omission, or the negligence of the Operator, in respect of the removal, storing, relocating, or disposing of Cargo under this Section 16.3.

Where, in the opinion of the Operator, any Cargo is not packed in such a manner that it will withstand handling while in transit; the Operator may without responsibility for Demurrage, loss or damage attaching:

- (a) refuse to permit the Cargo to be shipped; or,
- (b) have the Cargo repacked at the expense of the Cargo Owner.

The Operator may, at the risk and expense of the Cargo Owner, reject or remove from Terminal any Cargo that, in the opinion of the Operator, is likely to contaminate or endanger other Cargo.

The Operator reserves the right to withhold delivery of Cargo until all accrued Terminal charges and / or advance charges against the Cargo have been paid in full.

16.4 GOODS REQUIRING REFRIGERATION

Where refrigerated Cargo is to be loaded on or unloaded from a Vessel, the Customer shall:

- (a) arrange for the consignee of the refrigerated Cargo to take immediate delivery when they are unloaded; or,
- (b) arrange for delivery of the refrigerated Cargo for outward movement at a proper time in order to permit the handling and loading of them on the Vessel without delay, whichever is appropriate.

Except in respect of the services described above, the Operator will not be responsible for the cost of special handling of Cargo that require refrigeration or from additional services, Overtime, or deterioration in respect of such Cargo.

16.5 DEMURRAGE – RAILCARS OR VESSELS

The Operator is not responsible or liable for any Demurrage howsoever caused, even if caused by an act omission or the negligence of the Operator while furnishing the service of ordering, billing out and of loading or unloading Cargo to and from Vessels or railcars.

16.6 REPRESENTATION AND INDEMNITY OF CARGO OWNER

Shipping weights and measurements, including the VGM, shown on shipping documents are provided by or on behalf of the Cargo Owner, except to the extent of any VGM service provided in accordance with Section 7.1.

The Cargo Owner represents and warrants that the Cargo, whether designated as Hazardous Cargo or not, is safe for handling or storage by the Operator and is not dangerous or otherwise likely to cause loss, damage, or injury (including personal injury) to the Operator, the Terminal, or any Vessel or other property, including other Cargo, at the Terminal.

16.7 HIGH VALUE CARGO

Handling and storage of high value Cargo will have risk-based premiums applied and will only be accepted by the Operator by special agreement with the User.

16.8 REMOVAL OF CARGO FROM THE BERTH CORRIDOR

Except as otherwise agreed to by the Operator, no Cargo may be stored in the Berth Corridor.

All Cargo:

- (a) placed in the Berth Corridor in preparation for loading to a Vessel must be loaded as scheduled; and
- (b) discharged from a Vessel must be loaded to an Inland Carrier by direct transfer or moved to a storage place on the Terminal.

The Operator may, at the risk and expense of the Customer or Cargo Owner as applicable, remove any Cargo discharged from a Vessel or not loaded to a Vessel as scheduled and take it to a storage place at the Terminal. All costs incurred in doing so (for example, labour, equipment costs incurred in handling the Cargo or as a result of any delay while doing so, including storage costs, extra costs incurred with respect to other Cargo) are charges that must be paid by the Customer or the Cargo Owner as applicable.

16.9 SPECIAL HANDLING INSTRUCTIONS

The Operator will not handle, nor provide use of the Terminal with respect to, any Cargo other than in accordance with its standard handling and storage practices except when, upon the written request of a User received at least five days prior to arrival of any Cargo, the Operator in its discretion agrees to handle or store that Cargo in accordance with special instructions, including, for example, instructions to do the following:

- (a) sort or separate Cargo;
- (b) store Cargo inside a shed at the Terminal;
- (c) cover Cargo with tarps or other materials;
- (d) handle Cargo in accordance with such other special handling instructions services as the Operator may agree to provide from time to time.

Extra Charges will be applied for special handling. All costs, expenses, losses, and charges incurred in providing services or use of the Terminal in accordance with any special handling instructions are charges that must be paid by the User making the request.

The Operator will not be liable to any person for any loss or damage caused or contributed to by:

- (a) special handling; or
- (b) a failure to provide any special handling beyond that which the Operator has agreed to provide in accordance with this Clause.

16.10 PACKAGING

Cargo will be subject to multiple handling (for example: to and from Inland Carriers and Vessels; to relocate the Cargo on the Terminal; to facilitate inspection by authorities; etc). Each User warrants that all Cargo can sustain such movement without damage or will be adequately packaged and secured so as to prevent damage in the course of such handling. Where, in the opinion of the Operator, any Cargo may be unable to withstand handling at the Terminal, the Company may, at the risk and expense of the User:

- (a) refuse to handle any of the Cargo;
- (b) refuse to permit any of the Cargo to be handled;
- (c) cause or require any of the Cargo to be:
- (d) covered or moved into a shed;
- (e) packaged or repackaged;
- (f) handled with extra labour or equipment; and
- (g) the costs incurred in doing so (for example, labour, equipment costs incurred in handling the Cargo or as a result of any delay while doing so, including extra costs incurred with respect to other Cargo) are charges that must be paid by the User.

16.11 DISTRIBUTION OF CARGO

Except as otherwise provided for in this Tariff, only a Cargo Owner, its agent, or the Operator may remove any Cargo from the Terminal. Only an Inland Carrier designated by the Cargo Owner as its agent may remove any Cargo from the Terminal.

16.12 INLAND CARRIER ACCESS TO TERMINAL

Except by special agreement with the Operator, access to the Terminal is available to Inland Carriers only during the normal operating hours. If after-hours access is provided, all costs (labour, equipment, etc.) incurred for doing so are charges which must be paid the Cargo Owner.

16.13 INSPECTION AND ACKNOWLEDGEMENT OF RECEIPT OF CARGO FROM THE OPERATOR

Every person must, immediately before removing any Cargo from the Terminal, acknowledge to the Operator in writing the receipt of the Cargo in good order and condition subject only to such damage or shortage as may be specified in writing on the written acknowledgement. All parties with any interest in the Cargo are deemed to have authorized and required any agent who wishes to remove any Cargo to conduct such inspection and acknowledge receipt in accordance with this provision.

16.14 DELIVERY AND TRANSSHIPMENT OF CARGO – DISTRESSED CARGO OR UNLOADED CARGO AT THE CARGO OWNER'S DIRECTION

If any Cargo received at the Terminal for delivery to a Vessel is for any reason removed from the Terminal by any other means, the charges payable with respect to that Cargo will be the amount payable for the services or use of the Terminal actually provided, or for delivery to a Vessel, whichever is the greater.
